

# SureColor SC-T5400M-MFP - 220v

DATASHEET / BROCHURE

The SureColor SC-T5400M is a competitively-priced, entry-level, 36-inch, large-format technical printer with an integrated scanner.

The SC-T5400M has been developed for those working in construction and reprographics who value detail, precision and flexibility. Thanks to the scanner, old maps and blueprints that are usually stored as hard copies can be converted to electronic files and reprinted. Maps can be revised, manually annotated, scanned, and distributed, even from dusty onsite environments, thanks to dust prevention technology.

#### **Accuracy and precision**

This technical printer offers impressive print quality on both matte and glossy media. Whether printing CAD, GIS, architectural or engineering technical drawings, this printer is able to deliver stunning borderless prints, time after time.

#### **Clean design - small footprint**

The clean, simple, protective yet unobtrusive design (and small footprint) allows the user to place the SC-T5400M seamlessly into most working environments, including construction sites.

#### **Peace of mind**

The SC-T5400M unique Nozzle Verification Technology (NVT) helps prevent misprints. It has the ability to eliminate wrinkles and shadows, and retains highlighter colours while scanning and copying. It also includes dust prevention technology. Whether you're a regular or occasional user, each print will be reassuringly accurate – time after time.

#### **Ease of use**

The SC-T5400M is easy to use even when away from the desktop. A suite of intuitive features, and supporting software tools, make this technical printer user-friendly. These include a 4.3-inch colour LCD touch panel, Wi-Fi, direct-from-USB printing, borderless printing, and scanning directly to email, network folder or USB. It also features a truly-integrated, top-loading scanner for simple copying and scanning.

#### **Affordability**

This competitively priced entry-level, multifunction printer offers the best price and performance partnership in the Epson technical printer range, and a low total cost of ownership.
